

Covid-19 Things You should know.

Information below was copied directly from the CDC website.

WHAT IS THE CORONA VIRUS?

Coronavirus disease is a respiratory illness that can spread from person to person. The virus is thought to spread mainly between people who are in close contact with one another (within about 6 feet) through respiratory droplets produced when an infected person coughs or sneezes. It is also possible that a person can get COVID-19 by touching a surface or object that has the virus on it and then touching their own mouth, nose, or eyes. For more information go to CDC's Fact Sheet- What you need to know about coronavirus disease 2019 (COVID-19)pdf icon.

Risk of infection with COVID-19 is higher for people who are in close contact with someone known to have COVID-19, such as healthcare workers, direct support providers, and household members. Other people at higher risk for infection are those who live or have recently been in an area with ongoing spread of COVID-19.

GUIDELINES TO FOLLOW

Keep Distance at Events and Gatherings: It is safest to avoid crowded places and gatherings where it may be difficult to stay at least 6 feet away from others who are not from your household. If you are in a crowded space, try to keep 6 feet of space between yourself and others at all times, and wear a mask. Masks are especially important in times when physical distancing is difficult. Pay attention to any physical guides, such as tape markings on floors or signs on walls, directing attendees to remain at least 6 feet apart from each other in lines or at other times. Allow other people 6 feet of space when you pass by them in both indoor and outdoor settings.

Message from Little Key West Management

Please Print this copy, sign and bring with you to the event if you are attending

WHO SHOULD NOT ATTEND

****Please do not attend any events if you have had medical difficulties in the last 6-12 months causing your immune system to be low.**

****If you have currently tested positive, please do not attend.**

****Persons with respiratory issues should avoid this event.**

MANAGEMENT RECOMMENDS THE FOLLOWING:

Please check your own temperature just before departing to join this event. If you have a temperature, please go get tested at a local testing facility and quarantine yourself for no less than 10 days and please do not put others at risk.

One week before you attend this event, please exercise extreme caution in where you go and who you come in contact with to help prevent bringing the virus to this event.

We strongly urge you to wear masks during the event except when drinking or eating. (My Personal opinion is that they do not help prevent this but to follow CDC guidelines, I recommend them)

We have rest rooms that are clearly marked and a sink to wash your hands, please wash your hands after visiting the rest room and stand behind marked surfaces in order to keep distances while at the wash room.

Please bring your own sanitizers and use often while at the event.

We want everyone to have a great time and enjoy this fantastic event in a safe environment.

Disclaimer

By attending this event, you accept the risks of Covid 19 and acknowledge that you are coming at your own risk and Little Key West LLC is in no way responsible if you were to contract the virus or the like kind.
